MEMORANDUM FOR EXECUTIVE DIRECTOR-COMPTROLLER

SUBJECT: Presidential Libraries Program

1. In response to your memorandum of 28 June 1971, [REDACTED] DD/NE, has been designated as the representative of this office for the Presidential Libraries Program.

25X1

2. The precedent of the Johnson Library indicates that O/NE would provide only NIE's and SNIE's. This is easily done and we will be prepared to respond when a request for the Nixon Library is received.

3. A broader criterion is suggested by the language of Paragraph 3 of [REDACTED] one which would require us to list numerous other documents produced in this office because they "contribute to the President's decision-making process" or because they are "sent to the White House and the NSC." This is broader than the NARS guideline (Attachment C) which specifies a "personal interest" of the President as the criterion.

25X1

4. If one wished to be pure, only use of the broader standard indicated in the HN would adequately reflect the historical record of this office. On the other hand, it can be argued that over a four- or eight-year period all subjects treated in memoranda are likely to be handled in estimates also.

5. I recommend that we list only estimates, largely on grounds of convenience, and will so proceed unless the DCI conveys that he prefers a broader selection.
